Staff deployment

Policy statement

Members of staff are deployed to meet the care and learning needs of children and to ensure their safety and well-being at all times.

- Two members of staff are on the premises before the children are admitted in the morning and the end of the day; one of which should be the manager or deputy.
- Staff working as apprentices may be included in the ratios if the setting manager is satisfied that they are competent and responsible.
- All staff are deployed according to the needs of the setting and the children attending
- The setting manager ensures enough staff are deployed so that children are **usually** within sight *and* hearing of staff and **always** within sight *or* hearing of staff at all times.
- Staff are responsible for ensuring that equipment is used appropriately and is tidied away at the end of the session.
- Staff plan their focus on activities
- Staff inform their colleagues if they need to leave the room for any reason
- There are generally two members of staff outside in the garden when it is being used , one of whom supervises any climbing equipment that has been put out
- The setting manager may direct other members of staff to join those outside if the numbers of children warrant it
- Staff focus their attention on the children at all times
- Staff do not spend working time in social conversation with colleagues
