E-Safety

Policy Statement

We recognise that technology is playing an increasing role in many tasks performed by our staff. This policy is in addition to our policies regarding mobile phone use and social networking.

The laptops are for management use and for administrative tasks only and the children should never be near them.

The tablets are used only for the use of observations and the taking of photographs for the individual children's learning journals.

Tablets remain on the premises and are stored securely when not in use.

The children never have access to the internet.

We do not use sites such as YouTube for content for the children due to the risk of inappropriate content being accessed by accident.

This policy was adopted at a meeting of Triangle Pre-School held on:

.....20th October 2023.....

Date to be reviewed: OCTOBER 2024

Signed on behalf of the Management committee:
